WMM Workshop: UX/UI Design and App Prototyping Using Figma

In this webinar, We will talk about:

- The role of ux ui design in the current digital landscape
- How can we enhance the digital experience through design
- Engaging the user to increase rate of return

Figma is free and very easy to use. Please download it prior to the presentation so we can jump right in.

About the Presenter:

Ilene is a seasoned and experienced graphic designer with over 10 years of experience working in luxury real estate and professional sports ranging from the MLB to NHL. Her professional experience reflects on her expectations for her students to fully prepare them to meet and surpass a client or supervisor's expectations. Ilene brings extensive knowledge in building key skills and best practices in using programs within the Adobe Creative Cloud and Figma. Ilene's mentorship and support for her students allows them to tap into undiscovered talent and challenge them constantly in the classroom. She prepares them in building a solid foundation in modern design principles.

For past workshop recordings, please email james.shafer@touro.edu.

ITP Workshop: An EdTech Safety Guide to Protect Kids Online

Scan the QR code to sign up
for our free, online workshop,
Nov 29 at 7 pm:
An EdTech Safety Guide to Protect Kids
with Professor Pedro Estrada

In this webinar, Professor Estrada will talk about:

Online child safety and privacy

- What can children do to protect themselves
- What can parents do to protect their children
- What can Educators do to protect their children
- What concerned citizens can do to protect all children

About the Presenter:

Pedro Estrada teaches in both the graduate and undergraduate schools. He teaches courses related to Computer Technology such as Networking (LAN and WAN), Wireless Communication, and Computer Hardware and Software. Pedro holds a master's degree in Instructional Technology from Touro College and a bachelor's degree in Mechanical Engineering from Stony Brook State University. He has also earned several industry certifications such as CCNA, CWNA, MCSE, and A+.

NOTE: All you need is a device with internet connection to stream the webinar live online from home.

For past workshop recordings, please email james.shafer@touro.edu.

Admissions Process

Apply online at apply.touro.edu

<https://gst.touro.edu/admissions/index.php>

Touro GST Programs

NO GRE/GMAT

Master of Arts
Web and

International Students

Covid-19 Updates

F-1 Visa/I-20

The F-1 visa is a student visa issued by the US Department of State. Most international students need an F-1 visa in order to study in the U.S. The most accurate F-1 visa information can be found at the website of the US Department of State, Bureau of Educational and Cultural Affairs at www.travel.state.gov or the U.S. Embassies in your country.

Form I-20, the Certificate of Eligibility for Nonimmigrant Student Status, is a document issued by SEVP-approved schools and allows foreign students to attend a full course of study in the U.S. To be qualified for Touro College I-20, you must:

- Be fully accepted by the program
- Demonstrate proficiency in the English language with TOEFL, IETS, or other appropriate test scores, certificates, or transcripts
- Submit a copy of your passport and proof of sufficient financial support for tuition, fees, and living expenses
- Provide foreign residence and mailing address information

Student Visa Interview Tips*

Apply NOW for admission

Extra time is needed to get your F1 visa interview appointment

Visas for our Spring 2022 students were approved at many US consulates around the world.

It takes a long time to get a visa interview.

Act now! Don't wait!

US consulates are prioritizing F1 student visa interviews right now for Fall 2022 admission. You may interview as early as May 8, 2022.

Student Visa Interview Tips*

The U.S. consul must, by U.S. law, say:
"You're not coming home when you finish your studies."

You must prove that you plan to return permanently to your home country after your studies and post-graduate employment.

Failure to do so is the **#1** reason for non-immigrant visa denial.

*Thanks to June Sadowski and International Education Training Services for these F1 visa interview tips.

Student Visa Interview Tips*

Be prepared at the interview to explain why you chose Touro GST and how the Touro GST program fits into your career plans.

Be prepared at the interview to explain that you have compelling ties to your home country and that you will return home for your career and to your family.

If your program of study is in great demand in your country, get a letter that they hire people with degrees like the one you will get.

Student Visa Interview Tips*

If your family owns a business, take a letter from the bank describing the business.

Simply answer the interview questions and present any facts and documents to support your answers.

Do not discuss anything personal. U.S. consular officials are trained to be impersonal.

If your visa is denied, make sure to ask for the official reason why it was denied. Thank the consular official for his or her time. Keep any papers that you are given that documents the denial.

Visas

[Home](#) | [Visas](#)

Student visas remain a top priority for the U.S. Mission to India, and we are making every attempt to facilitate student travel in time for the fall semester. If you have not yet been able to schedule a visa appointment, please keep checking our website, <https://ustraveldocs.com/in>, for availability. We continue to add additional July and August student visa appointments at posts across India as conditions allow.

Prior to your visa interview, please review your I-20 program start date. Students beginning a new program with a program start date on or after August 1 may travel to the United States up to 30 days prior to the program start date and do not need a national interest exception. Continuing students may also resume their programs on or after August 1, and travel 30 days before their program resumption date. We are unable to approve expedite requests for Fall 2021 students with scheduled appointments in July or August. If your appointment date may result in a potentially late start, please reach out to your school to discuss potential flexibility on program start dates.

Nonimmigrant Visas

[Home](#) | [Visas](#) | Nonimmigrant Visas

IMPORTANT NOTICE: *The United States Embassy and Consulate in Abuja and Lagos are currently processing limited student and exchange visitor visas and will begin processing a limited number of tourist visas (B1/B2s) on November 30. We remain unable to resume full nonimmigrant visa services at this time. The Department of State extended the validity of Machine Readable Visa (MRV) fee payments until December 31, 2021 for individuals who paid an MRV fee, but were unable to schedule and/or attend an interview during the suspension of services. If you have an urgent matter and need to travel immediately, please follow the guidance provided at <https://wwwustraveldocs.com/ng> or +234-1-227-8955 to request an emergency appointment. Please see these notices which contain detailed information about the current status of visa services worldwide and visa restrictions related to the COVID-19 global pandemic: <https://travel.state.gov/content/travel/en/traveladvisories/ea/covid-19-information.html>*

Waiver of In-Person Interview

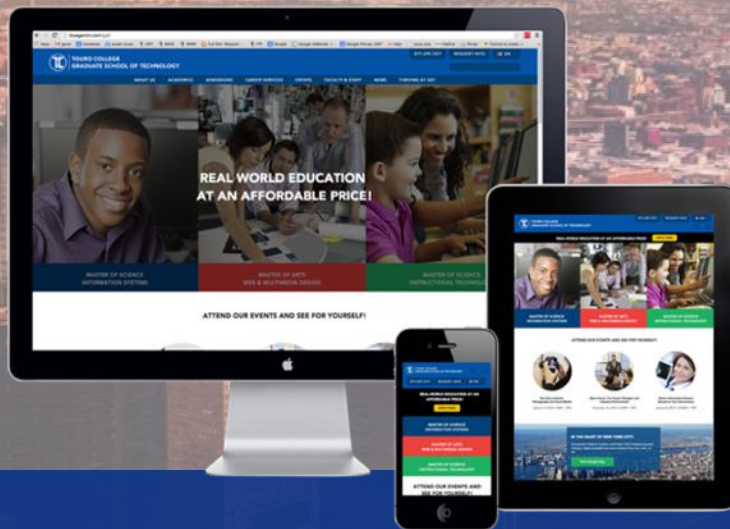

The Department of State has authorized consular officers to waive the in-person interview requirement for certain categories of visa applicants through 31 December 2022. This new authorization applies to travelers applying for F, H-1, H-3, H-4, non-blanket L, M, O, P, Q, and academic J visas who were previously issued any type of visa, if they are applying for a visa in their country of nationality or residence. This authorization does not apply to applicants who have a previous refusal that was not subsequently waived or overcome. Adjudicating consular officers may request an in-person interview if additional information is required from applicants.

Fall 2022 and Spring 2023

When you successfully receive your F1 student visa, you may enter the U.S. up to 30 days before the September 2022 or January 2023 start date
